The Automatic Stoker.

An automatic stoker, the invention of Mr. W. J. Clayton, was recently fitted on the Union S. S. Company's steamer Mararoa, this being the first vessel supplied with this labor-saving contrivance. Mr. Clayton travelled in the Mararoa on her last trip in order to overlook the working of the invention at sea. The experiment has so far been attended by most satisfactory results, but various slight improvements have suggested themselves to the inventor since it has been in use, which are being adopted. Mr. Clayton left again yesterday in the Mararoa for New Zealand. He has brought the invention under the notice of the leading steamship owners here, and it has been most favorably received.—Sydney Telegraph.

Salvage from the Ocean.

Some money, part of \$100,000 in Brazilian paper currency, lost in the wreck of the steamer Buenos Ayres on the coast of Brazil, between Pernambuco and Rio Janeiro, six years ago, has just turned up in a fishing village north of Oporto in Portugal. The British company that paid the insurance recently received an anonymous letter from Portugal, which they put in the hands of the Portuguese police, who have already recovered \$4500. The case containing the money was picked up by Oporto fishermen, fishing on the Brazil coast, who divided it among themselves and said nothing. They vowed to give part of it to the church and were betrayed for not keeping their vow.

Island Butter.

There is butter and there is butter but there is no butter that arrives in Honolulu so sweet and fresh as the Mikilua and Waianae Butter. Its rapid transit by rail direct from the dairy to the Palama Grocery's large ice box so conveniently situated opposite the railway depot enables us to handle it to the best advantage. No wonder we are doing such a large butter business, when we are selling this fine butter at 35c. per lb. Palama Grocery, opposite Railway Depot, King street. Telephone 755.

Water colors and Oil colors in sets suitable for Xmas presents. King Bros., Hotel street.

This is the first odd piece sale we have held and you get a great benefit if you take advantage of the opportunity presented. There are not many pieces, and the first customer gets a bargain.
